RE: Historical Release Report (HRR), January, 1992

Dear Mr. Lockhart,

The Colorado Department of Health, Hazardous Materials and Waste Management Division (the Division), has reviewed the above referenced document submitted by DOE and prime operating contractor, EG&G. The Division's comments are attached.

This is a very informative report and we appreciate the quality of the information included. Our comments are, for the most part, asking for additional clarity or pointing out minor inconsistencies. The only major comment points out the need for additional clarification on the tracking of indoor unplanned events. The text is confusing and needs to be expanded to more fully explain how these events are being treated in the HRR protocols.

If you have any questions regarding these matters, please call either Joe Schieffelin (331-4421) or Harlen Ainscough (331-4977) of my staff.

Sincerely,

Gary W. Baughman
Unit Leader, Hazardous Facilities Unit
Hazardous Materials and Waste Management Division
